Boscawen Town Forest Volunteer Work Day

Greetings lovers of the outdoors!

In celebration of Earth Day, Boscawen's Conservation Commission is hosting a volunteer workday on Saturday, April 18th with a rain date planned for the following day.

What to expect? We will be working outdoors on 2 or 3 projects depending on the turnout that day:

- Finishing the new trail at the Boscawen Village Town Forest that we started last year
- Clear a new trail from the "Balancing Rock" at Weir Road Town Forest to the Boscawen Hill Loop
- Spring trail clipping of current trails at the Weir Road Town Forest

We will meet up at the Town Offices at 9 AM and plan to be done by 1 PM. Everyone should bring work boots or at least sturdy, closed toe shoes, work gloves, snacks and water. You should also consider bringing bug spray and anything else that would aid in spending a comfortable few hours in the woods. If you'd like to bring loppers or a handsaw that would be fine. We will also have tools to share. Please do not bring any power tools such as chain saws, or any striking tools such as axes, hatchets or machetes.

Depending upon the turnout we may send a group to Walker Pond for spring cleanup of trash and other debris left behind following the winter.

Please RSVP by April 4th if you are interested in attending! Send an email expressing your interest to rashby@boscawennh.gov.

Happy Trails!
Boscawen Conservation Commission
